Applications

Leaf & Debris Removal
Litter Removal

It's in the Bag

Large capacity for leaves, thatch, grass clippings or litter. The additional hard bottom prevents premature wear.

Chipper

Chips small limbs and prunings up to 2".

Power

5.5 HP B&S Quantum XE engine gives this unit all the power it needs.

Self-Propelled

Proven, simple drive system for rough terrain or inclines.

12" Turf Wheels

12" ball bearing wheels for low rolling resistance on uneven terrain. Turf tread for added front grip.

Vacuum Performance, Self-Propelled and a Chipper, Too!

- **Front wheel drive** - Proven, simple drive system.
- **Four-bladed steel impeller** - Higher suction power and greater bulk reduction.
- **Hard-bottom filter bag** - Increases overall bag life.
- **5.5 HP B&S Quantum XE engine** - More than enough power for drive system and vacuum.
- **Don't forget the optional on-board hose kit** - It really makes the vacuum more versatile around the house.

Chipper

Chips small limbs and prunings up to 2".

Product Fact Sheet

Hard Bottom Bag

Eliminates premature wear on bottom.

Smooth Drive System

Idler pulley and belt system reduces operator fatigue.

On-The-Fly Height Adjustment

Features unique easy to use height adjustment.

On Board Hose Kit

(Optional) Part # 890041
Greatly improves vacuum versatility. Gets into those hard-to-reach places.

Turf Bag

(Optional) Part # 890307
Side panels made of breathable mesh - perfect bag for high moisture, low dust conditions.

Bag Dust Cover

(Optional) Part # 900801
Covers standard felt bag to force air down, away from the operator - particularly helpful in dry, dusty, conditions.
